## A little bit about Buster...

Buster is a really sweet boy who came to the centre as his previous devoted owner sadly passed away. Buster is very overwhelmed at the moment and is finding kennel life very hard, he really is missing being in a loving home. Buster is a smashing lad who is happy to meet people and being around them. Buster will sometimes try and sit on your lap to get some extra cuddles in. Buster does love his walks and makes the most of every single moment while he is out, he walks really well on the lead and does not pull too much at all. Buster does not like to be on his own so adopters who are at home most of the time would be the best home for him. Buster's heart is broken right now and he can not understand what has happened to his family and why he is here all alone. We would love to see this smashing boy back in a loving home where he belongs. Buster is sociable with other dogs and could live with a compatible one after a successful meet at the centre, he could also live with children aged 13 years and over.
