## A little bit about Rubble...

Poor Rubble came to the centre via an inspector after she suffered a very traumatic incident, sadly this has left her very nervous and scared. Her whole world has been torn apart and she is understandably very overwhelmed and traumatised by what happened to her. Rubble will need a very special adopter who will take her under their wing and help her to learn to trust again. She just needs someone with a kind and gentle heart who will give her the time and space she needs while adjusting to her new home. To help her with this Adopters will need a quiet spare room they can dedicate to her for as long as it takes for her to build her confidence and overcome her insecurities. Rubble really does deserve a second in life after all she has been through. Rubble could possibly live with another cat in an adult only home. She will need to be a permanent house cat.
