A little bit about Gucci...

Gucci is a very sweet girl who came to the centre via an inspector after being found in terrible condition, she was emaciated and completely neglected. Gucci has since put on weight nicely and is now ready to start her search of a new loving family who will love her and make up for everything she has missed out on. She is looking forward to lots of exciting adventures with her new family. Gucci is a very friendly girl who is always happy, she has never let any of the neglect she had suffered get her down. She really is an amazing dog with such a zest for life. Sadly Gucci had a damaged tail when she arrived from wagging it so much and we were unable to save it and she has had to have it amputated. Even through this she has remained in good spirits. Gucci walks well on a lead after the initial excitement of going out, she thoroughly enjoys every minute of being out and about, taking everything in. Gucci is sociable with other dogs, but she can sometimes get a little over excited and also forget her size. She would benefit from further training and helping her remain calm around smaller and quieter dogs. She could live with another compatible dog after a successful introduction at the centre and could live with children aged 14 years and over.
