A little bit about Jaffa & Jammy...

These gorgeous little kittens were born here at the centre after their mother was found abandoned in terrible condition. Unfortunately they have suffered with cat flu like symptoms so have had to remain at the centre a little bit longer than normal, they are now ready to start looking for a loving new home with a family who will love them unconditionally. They can be slightly shy when meeting new people but soon come around with some TLC. They are playful little guys who are now looking forward to a bright future, they will make super pets and really deserve the most fantastic home after such a rotten start to life. They will need to be the cats in the home where they will be kept as permanent house cats, they are suitable to live with children aged 12 years and over.
