## A little bit about Lotus...

Lotus is a very sweet girl who came to the centre via an inspector after she was abandoned while heavily pregnant, left to fend for herself in such a vulnerable condition. Sadly she had succumbed to the outside world and was in pretty poor condition when she first arrived. You could literally see the instant relief when she snuggled in to her warm comfy bed and tucked into a proper meal, she just knew her and her unborn kittens were going to be safe. Lotus is a very friendly, quiet and kind natured cat who deserves to be in a loving new home, she has survived the perils of being on the streets, she has raised her babies so now it is her turn to be the star of the show. Lotus has been through so much in her short life, she really needs to be in a new home getting so much love. Unfortunately Lotus has suffered with some cat flu symptoms due to all the stress and strain put on her while she was on the streets. She will need to be the only cat where she is a permanent house cat.
