A little bit about Tel...

Tel is a sweet natured boy who came to the centre as he had no desire race. He is a lovely lad but can be quite nervous when meeting new people and adjusting to new surroundings. Tel shares his kennel with another greyhound called Timmy who he gets his confidence from. he is much more relaxed when in the company of other greyhounds so it would be great (but essential) if he could go to a new home where there is an existing confident dog. Tel has missed out on so much in his young life and not had much experience in the world, he is adjusting now and all he needs is a family of his own who will show him how to enjoy life and be loved by his very own family. Racing greyhounds really do make wonderful pets but are sadly often over looked, but once you have owned a greyhound your heart will be theirs. Please do consider Tel when choosing your new furry friend. Tel can live with another large breed dog after a successful meet at the centre, he will need an adult only home. Tel is not suitable to live with small animals, cats or small breed dogs.
