A little bit about Alaska, Everest & Aspen...

These gorgeous girls came to the centre via an inspector after their needs were no longer being met. They are really sweet puppies who have settled really well here at the centre. They are loving, cheeky, friendly and playful little puppies who are going to make the most wonderful additions to the families lucky enough to adopt them. They will need adopters who are at home most of the time while they are still so young, they would benefit from some training classes to help them in the big wide world. They are suitable to live with other dogs and children aged 7 years and over. Please note, they are going to grow into large dogs.

My personality...

You'll need to take me to training classes

I need teaching that it's ok to be alone

I could live with children of secondary school age

I'm always on the go

I get on well with many other dogs

I love fuss and attention
